Welcome all to the complete dispersal of J/R Cattle Company. This program was designed and built around a concept of putting great carcass traits along with extreme performance in one complete genetic package. It was conceived, as you will see when you examine these cattle, especially the E.T calves, yearlings, yearling bulls and bred heifers, that they have extreme EPD spread along with fantastic carcass traits. They excel in body confirmation and sell in extremely good rig. There are many females and males in this offering that exceed +60 for \$Beef EPD and are out of 2 to 3 generations of the some of the best A.I. sires in the business, these animals will have extreme value to help build a program or add genetic punch to an existing one.

It will be sad to see this upstart program leave the Angus Business, as they have grown into one of the elite programs in Texas in their short existence and have put together a powerful set of Angus genetics, however because of the economy, drought, and the other business ventures that take precedence, this herd must go in its entirety (all cattle, semen and embryos). This is to the buyer's advantage!

As you will see, Roger and I have many favorites in this offering and will be glad to visit with you about any of them any time (Parker: 254-413-2420 Roger: 254-434-1095). Please join us Saturday, January 30th, 2010 in Meridian, Texas at the Meridian Sale Barn for a historic event that will add many genetic gems to many existing and new programs around the country. The cattle will be penned and ready to be viewed by lunch on Friday the 29th

All cattle that need to be tested for genetic defects have and all cattle in this event are free of AM & NH.
